

## Project Structure

|              |  |
|--------------|--|
| Team ID      | PNT2022TMID50773   |
| Project Name | Deep Learning Fundus Image Analysis For<br>Early Detection Of Diabetic Retinopathy |

### Creating a Project folder which contains files as shown below:

1. First building a Flask Application that needs HTML pages stored in the templates folder and a python script app.py for server side scripting.
2. The model is built in the notebook Hand written recognition system.ipynb .
3. We need the model which is saved and the saved model in this content is mnistCNN.h5.
4. The static folder will contain js and css files.
5. The templates mainly used here are main.html & index6.html for showcasing the UI.
